**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want local businesses to work with my local communications infrastructure, so I prioritize them when considering ISPs. I have had better customer service, and needed it fewer times, since switching to a local provider. It is critical to keep this option alive for both rural and urban communities whose infrastructure maintenance is already fragmented enough without centralized control of its use, too.
